REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Any comments considered necessary by applicant must be submitted no later than the Payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

The references fail to anticipate nor suggest any reasons or motivations for one of ordinary skilled in the art to prepare a composition containing at least the additional ingredients in order to reduce the tackiness of the composition. References 4,680,233, 4,764,535 as noted in the September 11, 1997 supplemental response as well as the references on the PTO-1449 in the September 03, 1997 response do not anticipate nor render obvious the claimed inventions.

Due to the unpredictability of the chemical nature of the individual components in the compositions and the effect on each other, the compositions as claimed are not considered predictable in view of the references of record.

Thusly, the instantly claimed inventions are unobvious and patentable over the references of record.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Lilling whose telephone number is (703) 308-2034 and fax number (Art Unit 1808) is (703) 308-4242. Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 308-0196.
